YULONG	U18	12V	12-13V	Ultra 12V

1 DC-plug not stock supplied, but shipped upon request.

2 we do not supply the 5V PCB-kit, that is needed to replace the internal PSU of the Node 2i

3 additional DC-cable needed, inlet is under turntable, not stock supplied, shipped upon request

4 based on customer feedback the audio device benefits from an upgrade of the stock fuse to an audio grade version

5 suitable for the DAC Analogue Stage only

6 Sbooster/Lumin connection kit is required

7 DSP features are not supported, please don't use the DSP features in combination with the BOTW P&P ECO MKII 18-19V

8 when the 12V Ultra is used, the 2 non-audio USB-ports cannot be used

9 a special connector is needed, for more information, contact your dealer or send an email to [info@sbooster.com](mailto:info@sbooster.com)

10 **attention: reserved polarity!**

Reverse polarity

*Do not use this cable for other devices.*
